

**Hampshire and Isle of Wight
Prevent Partnership Board**

Strategy and Action Plan

2015 - 2017

Context

- In July 2015, the Counter Terrorism and Security Act 2015 came into force –places a statutory duty on public bodies undertake activities to prevent people from being drawn into terrorism.
- ‘Channel Panel’ now a legal requirement - provides a multi-agency process giving tailored support to people who have been identified as at risk of being drawn into terrorism.
- Hampshire County Council has a lead, coordinating role for prevent and to work with partners to prevent people from being radicalised and being drawn into violent extremism.
- HCC established a multi-agency Prevent Partnership Board in June 2015 - a multi-agency strategy and broad action plan reflecting the key priority areas within the strategy has been published.
- Signed off by member organisations and shared with other relevant strategic forums whose own agendas and objectives may overlap.
- Governance arrangements for the Prevent Partnership Board include a dotted line to the Hampshire Safeguarding Boards in order to provide oversight and accountability.

Board membership

- Local authority adult services, children's services and education
- Hampshire and Thames Valley Constabularies
- Regional PREVENT Coordinator
- Community Safety Partnerships
- Police and Crime Commissioners Office
- Clinical Commissioning Groups
- Further and higher education institutions
- National Probation Service (South)
- Hampshire and Isle of Wight Community Rehabilitation Company
- HMP Winchester
- Hampshire Fire and Rescue Service
- Ambulance Service
- Third sector
- Channel Panel Chairs

PREVENT Partnership Board sits within a wider system of governance

Prevent Partnership Board Priorities

- 
- Provide leadership and direction across the area on PREVENT issues
 - Develop and publish a local strategy and action plan.
 - Ensure PREVENT is addressed in relevant strategic plans and strategies.
 - Broad oversight of activity and implementation of the Board's strategy and action
 - Gain assurance about awareness and training for frontline staff
 - Work in partnership with local communities to increase awareness and engagement
 - Targeted activities in key communities to address specific issues
 - Information and awareness about PREVENT
 - Gain assurance about the effectiveness of local PREVENT arrangements
 - Maintain an overview of PREVENT activity via data monitoring reports.
 - Be sighted on any issues or challenges that have the potential undermine the effectiveness of PREVENT work locally
 - Identify and disseminate good practice.
 - Publish an annual report outlining progress

Other community safety processes e.g. child and
adult safeguarding, MAPPA, MARAC, etc.

Key developments so far

- Strategic Partnership Board set up and multi-agency strategy and action plan published.
- A broad Board membership established and all key organisations and sectors are engaged
- PREVENT duty incorporated into LSAB/LSCB multi-agency safeguarding policies – linking Prevent work to the broader safeguarding role.
- Channel Panels set up in all areas - Channel process and referral pathway have been established and publicised.
- Partner organisations are in the process of reviewing relevant operational policies and guidance to ensure consistency with this.
- An audit carried out to map current training provision, resources and guidance available.
- A PREVENT training strategy has been published and includes generic role types and the knowledge, skills and competencies required against each.
- Partner agencies are in the process of reviewing their training plans and mapping staff roles against the role types described in the strategy.
- A performance monitoring framework has been agreed - includes KPI's and self audit tool – regular data reports are now received by the Partnership Board.
- A leaflet Website have been published.
- Joint communication strategy containing general messages around PREVENT, a process for managing communication/media releases in response to specific events and for dealing with FOI requests is in development.
- This PREVENT conference forms part of our strategic objectives to open up a dialogue with local communities and stakeholders in order to promote engagement in the PREVENT agenda.
