

WRAP Accreditation Process

1. Request sent to by an existing facilitator within the WRAP network: WRAP@homeoffice.x.gsi.gov.uk

2. Recognised posts to nominate facilitators include, (Local Authority Prevent Coordinator, HE/FE Coordinator or Police staff). The request must be sent on the "Facilitator Accreditation Process" excel document. We advise a scanned, signed, Service Level agreement accompanies the request at this stage.

4. New facilitator is invited to join "clinked" to receive electronic copies of WRAP materials.

5. Once a signed Service Level Agreement is received by OSCT the new facilitator is accredited at this stage to deliver WRAP training.

Facilitators must be accredited by OSCT before they deliver WRAP.

In instances where a Service Level Agreement has not been received by OSCT, by delivering WRAP you have confirmed that you agree to the terms and conditions within the agreement.

WRAP cannot be delivered for commercial gain.

A copy is available on clinked.

3. OSCT accredit facilitator and provide the accreditation reference number to the facilitator that has nominated the new facilitator

5. If the Service Level Agreement were not provided initially, a signed by the prospective facilitator. The nominating facilitator received signed SLA from new facilitator and sends OSCT scanned copy of the Service Level Agreement form.

6. New facilitators receive local support from existing facilitators.

Further supporting content is available on Clinked to assist familiarisation.
